Experience:

- Dr Lye Wai Choong is a renal physician practising at Mount Elizabeth Hospital, Singapore. He specialises in renal medicine (nephrology), a medical speciality that focuses on the diagnosis and treatment of patients with kidney diseases.
- Dr Lye was a visiting assistant professor at the Laboratory of Immunogenetics and Transplantation at Oregon Health & Science University in the US, and a consultant nephrologist and physician at the National University Hospital in Singapore. He is the former president of the Society of Transplantation in Singapore. He received a travel grant from the International Society of Nephrology in 1993, and first prize at the 12th International Congress of Nephrology in the same year.
- He is actively involved in renal education and research, and is the author of over 100 peer-reviewed indexed journal articles and abstracts. Not just that but he is frequently invited to speak at international congresses and seminars. In 2008, Dr Lye, together with a team of surgeons, successfully performed an ABO-incompatible and positive crossmatch kidney transplant on a renal patient in Singapore.

Clinical Interest:

Chronic kidney diseases
Complex kidney transplantation
Renal medicine

IT'S POSSIBLE.
