UNVEILING FOUR NEW ASSETS

Mr Yong Yih Ming
Chief Operating Officer, IHH Healthcare Singapore
Chief Executive Officer, Mount Elizabeth Hospital

Dear Colleagues

Project Renaissance is still in progress, and we still have various key assets to unveil leading up to the end of 2025 at Mount Elizabeth Hospital (MEH).

In this edition, I will provide updates on the following assets:

1. Admissions & Cashier (Business Office)
2. Mount Elizabeth Hospital Carpark Lobby
3. Outpatient & Main Pharmacy
4. Day Surgery Operating Theatre (DSOT)

Mr Yong Yih Ming
Chief Operating Officer, IHH Healthcare Singapore

Business Admissions & Cashier Office

Our newly renovated Business Office officially reopened on 28 August 2025, as an extension of our reconfigured Grand Lobby. This fresh space includes improved workflows designed to streamline pre-registration, bedside admissions, financial counseling, and payment. Additionally, it is conveniently located next to the new Elizabeth and Victoria Lounges, as well as the Pharmacy.

SERVICES AT THE BUSINESS OFFICE

- Pre-Registration & Admissions for Inpatient & Day Surgery
- Cashier and Payment Services
- Dedicated Insurance Desk for inquiries related to insurance

Mount Elizabeth Hospital **NEW DROP OFF POINT**

Level 1

New Carpark Lobby at Mount Elizabeth Hospital – Level 1

A brand-new lobby and drop-off area at MEH, designed to enhance safety for both vehicles and pedestrians. This modern lobby has been developed from the previous open-air car park spaces, which included portions of the former Nuclear Medicine and Security Office areas. It will also serve as the main route for crossing over to Paragon in the future.

Once the adjacent renovations are fully completed, there will be a more direct pathway leading from the public carpark to this lobby, facilitating smoother movement for both staff and visitors between Level 1 & 2.

The new lobby was officially unveiled on 26 September 2025.

PHARMACY

Outpatient & Inpatient

Our Hospital Pharmacy officially reopened on 26 September 2025, featuring a larger and integrated space located at Level 2, adjacent to the Business Office.

It will commence operations in this new location starting from 6 October 2025.

At the same time, our Pharmacy Admixture Service (PAS) will also return and resume its operation within this new Pharmacy premises. With this transition, we are pleased to reinstate the provision of pharmaceutical compounding services at MEH, which includes but is not limited to:

- Inpatient chemotherapy
- Inpatient/Outpatient Total Parenteral Nutrition (TPN)
- Compounded eye drops and cytotoxic eye preparations
- IV hazardous drugs (eg. Cymevene Injection, Prograf Injection etc)
- IV admixtures (eg. NICU antibiotics, renal cocktails etc)

Additionally, we would like to introduce our new capabilities:

Vertical Carousel Storage System

First to receive in Southeast Asia

- Increased Storage Capacity: Offers up to 50% more SKUs compared to traditional shelving.
- Enhanced Safety features: light-guided picking feature to improve packing accuracy.

Athos uniPACK

One of the first to receive in Singapore

- Automatic packaging: Capable of packing loose tablets or blister-pack tablets, vials and ampoules.
- Highly efficiency: Process up to 1500 sachets/hour.

OT touchscreen control panel

New Operating Theatre

New Layout

On 26 September 2025, we unveiled our new Day Surgery Operating Theatre.

This facility is now seamlessly integrated with the Major Operating Theatre, forming a unified Operating Theatre complex within the newly configured high-intensity Level 3 area, which includes the Intensive Care Units (ICUs), Neonatal Intensive Care Unit (NICU), Delivery Suite and Ward 3C (Day Surgery Centre).

Additionally, we are in the process of renaming all the theatres.

This upgrade introduces 2 new theatres to our existing 12 and with 2 already at The Heeren, bringing our total number of operating theatres at MEH to 16. We anticipate further additions in 2026 as part of our Campus Strategy.
